

Dear ELA A 10 Parents/Guardians

Hope you are enjoying our beautiful September weather. We have been very busy in our classroom. We've learned about Helen Keller, started *The Wave*, experimented with "freedom writing" and we've talked about how to improve our reading comprehension. Your child is also working on a "Challenges" assignment with their partner.

One component of our class that I would like to get started is "learning discussions". To do this we need some sort of technological site. The site I've chosen is Facebook. Each student will be required to create a Peacock facebook name. (Peacock Lastname) Students ARE NOT allowed to use their personal Facebook accounts. Students are only allowed to friend one person once they've created their account and that is Peacock Rowe (which is me).

To get this started I need your permission to set up their facebook account. If you have any questions for me about this please email me at [rowe.tana@prairiesouth.ca](mailto:rowe.tana@prairiesouth.ca) or call me at Peacock 693-4626.

Thank you for your continuing support,

Tana Rowe

---

\_\_\_\_\_ yes my child \_\_\_\_\_ is allowed to set up a Facebook account.

\_\_\_\_\_ No, my child \_\_\_\_\_ is not allowed to set up a Facebook account but I will contact Ms. Rowe to set up an alternate idea.
